YCCS Student Discipline Policy (SDP)

Discipline in Charter Schools
Pursuant to the Charter School Law, Illinois School Law, 105 ILCS 5/27A, all charter schools are exempt from local school board policies, including the Student Code of Conduct. As such, YCCS is free to adopt the CPS Policy of Conduct (Code), align its policies to the CPS Code of Conduct and/or establish our own discipline policies. YCCS also has the option to modify the Code so long as any such modification is consistent with the educational philosophy, vision and mission of the school and complies with applicable provisions of the Illinois School Code and CPS Board Rules.

YCCS seeks to establish and maintain an environment that is safe for all students and campus personnel and provide students with a consistent set of expectations for behavior. YCCS supports our campuses in maintaining safe, nurturing, participatory and productive learning environments. YCCS expects all students to respect the rights of fellow students, personnel and others, and to behave in a manner that does not violate campus rules, procedures, YCCS policy or the law. Students shall be encouraged to seek assistance from campus personnel to prevent or resolve conflicts and to report incidents or activities that may threaten or disrupt the educational environment. The Discipline Policy requires all students enrolled at YCCS campuses to accept responsibility and the appropriate consequences for their actions and behavior.

The disciplinary process set forth in this Policy is intended to be instructional and corrective, not punitive. All students are entitled to receive due process in disciplinary reassignment, In-School or out of school suspension and expulsion. Moreover, students are entitled to appeal the issuance of certain interventions or consequences.

YCCS adheres to the Chicago Board of Education Rule 6-21 that forbids the use of corporal punishment of any kind upon persons attending a YCCS Campus. School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

YCCS strongly encourages campuses to establish non-exclusionary measures designed to foster incident avoidance. Where possible, campuses should explore the use of prevention strategies aimed at minimizing the number of incidents requiring student discipline. Discipline is applied respectfully, fairly, consistently and protect students' rights to instructional time whenever possible.

PURPOSE AND GOALS
This policy was developed in consultation with the parent-teacher advisory committee to establish appropriate discipline measures when establishing procedures for search/seizure and bullying prevention policies. YCCS seeks to: (1) create a consistent set of expectations for student behavior for all campuses and all students; (2) outline the interventions and consequences for students who engage in inappropriate behavior; and (3) reinforce positive behavior and provide students with opportunities to develop appropriate behavioral skills.

This policy will be distributed to parents/guardians and students no later than 15 days from their registration and orientation at their selected campus.

The campus should make every efforts to provide ongoing professional development to teachers, administrators, school resource officers and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive and healthy campus climate.

SCOPE OF THE STUDENT DISCIPLINE POLICY
The Student Discipline Policy is not intended to address the entire spectrum of student misbehavior that may occur at the campus. Instead, the Policy outlines a range of appropriate responses for certain inappropriate behaviors. Campus administrators retain the discretion to address student misconduct that is not specifically included in the Policy. However, poor academic achievement is not an act of misconduct. Therefore, the Policy may not be used to discipline students for poor academic progress.

The Policy applies to:
❖ Actions of students during campus hours, before and after school and while traveling to and from school.
❖ While on campus property.
❖ While traveling in vehicles funded by the campus and/or to or from a campus affiliated event.
❖ At all campus-sponsored events.
❖ While using the campus network or any computer or information technology devices. This includes seriously inappropriate behavior on social networking websites that disrupts or may disrupt the educational process or orderly operation of the school.
❖ When the actions affect the mission or operation of the campus or YCCS.

Students are subject to Groups 5 or 6 disciplinary actions for inappropriate behaviors that occur either off campus or during non-campus hours when the misconduct disrupts or may disrupt the orderly educational process at the campus. This includes seriously inappropriate behavior or social networking websites that disrupts or may disrupt the educational process or orderly operation of the campus. In other words, students may be disciplined at school for seriously inappropriate behavior off school property and during non-school hours if the behavior will interfere with teaching and learning at the school.

Students who are suspended or expelled from a campus may not participate in extracurricular activities or campus-sponsored events during the period of the suspension or expulsion. However, students on suspension during the administration of state assessments can enter the school for the purpose of taking the test and may be allowed to participate in related test preparation activities. For violations of the Student Discipline Policy that involve improper use of information technology devices, the student may be subject to discipline pursuant to the Policy, in addition to having his/her network privileges suspended.

Student Uniforms and Dress Code Policies

Campuses are allowed to institute a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral. Students who fail to follow a school’s dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending classes. Campuses may also institute dress code policies that do not require students to wear a specific uniform, but that prohibit students from wearing certain items or particular styles of attire and/or accessories. A dress Policy violation may be considered an inappropriate behavior under the Policy. Dress Codes are often designed to address gang-related activities or to prevent serious disruption to the orderly educational process of the campus. Students who wear clothing or accessories that display affiliation with gangs or other criminally motivated organizations or students who dress in a manner that causes serious disruption to the orderly educational process may be subject to discipline in accordance with the terms of the Policy.

Dating Violence Statement:

Any Campus employee who is notified by a parent, guardian or student, or who reasonably suspects, that a student has been the victim of dating violence shall immediately report that
information to the principal/designee. Dating violence includes violent and controlling behavior that an individual uses against a girlfriend or boyfriend, such as physical, emotional, or sexual abuse, yelling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy, possessiveness, and stalking. Campus staff shall promptly and reasonably notify authorities of allegations of dating violence. The principal shall ensure that the student victim of dating violence receives appropriate support services in accordance with the YCCS’ Policy on Domestic Violence and Court Order of Protection, Restraint or no Contact.

OVERVIEW OF THE STUDENT DISCIPLINE PROCESS

Step 1: Redirect to correct behavior
  ❖ All adults should redirect students to correct inappropriate behavior and minimize the likelihood of the behavior escalating or recurring.
**Step 2: Intervene**

- To minimize escalation, disruption, resolve conflict, and as necessary to keep students and staff safe. If a student has been injured, make every reasonable effort to immediately notify the parents/guardians.

**Step 3: Campus Officials Investigate**

- The Principal or his/her designee should talk to all students, teachers, campus personnel and other witnesses to the incident.

- If there is an allegation of sexual misconduct, including but not limited to sexual harassment, sexual bullying, sexual assault, dating violence or discrimination related to sex, sexual orientation, gender identity or gender expression, contact YCCS for immediate reporting to CPS’ Office of Student Protection and Title IX immediately. YCCS can be reached at (312) 328-0799

- The investigation may necessitate a search of the student’s locker, desk or personal belongings. A search should be conducted only if necessary and any search that is conducted shall be performed in compliance with Chicago Public School’s Procedures for Search and Seizure (http://policy.cps.edu/download.aspx?ID=190). The Use of Metal Detectors is authorized and proper signage should be placed at the entrance of building. Employees, contractors, volunteers and school officials are prohibited from conducting strip searches and washroom searches.

**Step 4: Analyze**

- Whether the student’s alleged behavior falls within the YCCS’s Discipline Policy using the information gathered. If so, determine the Group level of disruption caused by the inappropriate behavior, identify the inappropriate behavior listed, and consider the range of possible interventions and consequences.

**Step 5: Campus Affords Student Due Process**

- If the Policy applies, the campus official should inform the student of the allegation(s) being made and the range of sanctions the student faces. The student must have an opportunity to respond to the charges by letting the student tell his/her side of the story. The campus official should make a reasonable effort to contact the parent to alert him/her to what is happening before any sanction is enacted. No disciplinary action may be taken against a student before the student has been afforded the opportunity to respond to the allegations.

- Avoid consequences that will remove the student from class and school, if possible. Use out-of-school suspensions as a last resort and only when in-school interventions and consequences are insufficient to address the student’s inappropriate behavior. When suspended out of school, students lose instructional time and opportunities for developing social and emotional skills that could lessen the likelihood of future inappropriate behavior. Schools may only use out-school-suspensions when other appropriate and available behavioral and disciplinary interventions have been exhausted AND the student’s presence in the school (1) poses a threat to the safety of other students, staff, or the school community, OR (2) substantially disrupts the operation of the school.
❖ If necessary, and only after a reasonable effort has been made to contact the student’s parent/guardian, the Chicago Police Department should be notified. However, at no time should the safety of students and/or staff be compromised to adhere to this provision.

❖ Follow the special procedures contained in the Additional Resources section for students with disabilities and student with Section 504 Plans.

❖ No student shall be sent home before the end of the school day unless the school has established contact with the student’s parent/guardian and provided written notice of a suspension.

❖ Campus administrators will inform the student and parent(s)/guardian(s) that they have the right to appeal the disciplinary decision.

**Step 3: Fill Out the Necessary Paperwork**

❖ The administrator must complete an official Misconduct Report for ALL inappropriate behaviors under the Policy (Groups 1-6). See appendix, ex. A for sample Misconduct Report.

❖ A copy of the Misconduct Report must be sent to YCCS within 48 hours.

❖ A copy of the Misconduct Report must be sent home to the parent/guardian via certified mail or hand delivered to the parent or guardian.

**Step 4: Discipline According to the Policy**

❖ Any disciplinary action taken against a student must conform to the interventions or consequences outlined in the Policy.

❖ Suspensions may not exceed 10 days for one incident for any reason. **Suspension days are excused absences.**

❖ Parents must be notified about the suspension on the same day the suspension is being applied. A letter must be sent home via certified mail within 24 hours of the suspension explaining the reason for the suspension and other appropriate and available behavioral disciplinary interventions exhausted. This letter should also explain how the student’s continuing presence in school would pose a threat to the safety of other students, staff or members of the school community or substantially disrupt, impede or interfere with the operation of the school.

❖ Students may not attend campus-sponsored events and are not allowed on campus grounds during the time of the suspension. They must be allowed to return for statewide assessment testing periods unless the student is available to take the tests during a scheduled make-up testing period.

❖ Students must be assigned homework during in-School or off-campus suspension and must be given the opportunity to make up in-class tests or quizzes for equivalent academic credit given during the period of suspension.

**Step 5: Expulsion or Alternative Placement/Reassignment Hearings (For Groups 5 and 6 ONLY)**
❖ If a student’s misconduct falls within Group 5 and is the student’s first occurrence of Group 5 misconduct, the campus retains the discretion to refer a student for expulsion or disciplinary reassignment to another campus. If the campus makes a decision to pursue an expulsion they should (1) detail the specific reasons why removing the student from the school is in the best interest; (2) provide a rationale with respect to the specific duration of time for the expulsion and (3) document whether other behavioral and disciplinary interventions were attempted or whether the school determined that there were no other appropriate and available interventions. The decision to expel or reassign must be approved by YCCS Assistant Director or designee.

❖ If a student’s misconduct falls within the Group 6 Category or if a student’s misconduct is the second occurrence of misconduct that falls within the Group 5 Category within a ten month period, a hearing must be held prior to a student’s expulsion or issuance of any other sanction that results in a student’s disciplinary reassignment.

❖ If a Student is expelled from YCCS, the CPS Department of Student Adjudication must be notified to determined appropriate placement for the student per the Chicago Board of Education’s Policy on Enrollment and Transfer of Students in the Chicago Public Schools. (Policy Manual Section 702.1at section 1.F.2.). The campus should make every effort to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from alternative school settings.

❖ For additional information about Expulsion or Disciplinary Reassignment Hearings, see Appendix, Ex. D, Expulsion Hearing, Emergency and Alternative Placement guidelines.

**Step 6: Appeals**

❖ If a student, parent, or guardian feels that the intervention or consequence for misconduct is unwarranted or excessive, he or she has the right to ask the principal to review the consequence and to reconsider the decision.

❖ In the event that a parent, guardian or student (emancipated adult) wishes to appeal a principal’s decision to suspend or refer a student for expulsion, he or she must appeal in writing to the YCCS Assistant Director or designee.

❖ The campus will submit summary statements to YCCS within 5 days of the due process hearing. YCCS will determine if there has been a violation of the YCCS student discipline policy and if due process has been followed.

❖ Any appeal of the YCCS Assistant Director determination of a student’s expulsion must be made in writing and send, along with any additional evidence not available at the time of expulsion, to the YCCS Board of Directors. The YCCS Board of Directors or designee’s decision regarding the appeal shall be final.

❖ The term of a student’s suspension or expulsion is not halted by an appeal to the YCCS Assistant Director or the YCCS Board of Directors.

**POLICE NOTIFICATION**

School administrators contact the Chicago Police Department (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of a criminal act.

**Emergency**
School administrators have the responsibility to call 911 in situations they determine to be emergencies.

**Criminal Acts**

When a student’s misconduct amounts to a criminal act or poses danger to the health, safety or welfare of other students and staff at a campus, it may be necessary and appropriate to contact the Chicago Police Department (CPD) and to seek their assistance. The inappropriate behaviors that require a campus official to notify the CPD are identified throughout the Policy by the placement of an asterisk (*) preceding the specific inappropriate behavior. If a student engages in such behavior, a campus official must contact the CPD. Whenever the campus notifies the police during an emergency concerning student misconduct, the campus must also immediately make a reasonable effort to contact the parent/guardian of that student and YCCS.

There are other inappropriate behaviors by students, not listed in the Policy, that require the campus administrator to assess the nature of the misconduct and the extent to which the health, safety or welfare of other persons are placed in danger by a student’s actions. In those instances, the administrator must make a judgment call as to whether contacting CPD is appropriate. Campus officials should consider whether the misconduct is particularly egregious and/or the student persists in misconduct after being told to cease such behavior and continues to endanger the health, safety or welfare of others.

The discretionary exercise of a campus official’s authority to notify the CPD should involve the consideration of a variety of factors. Those factors include, but are not limited to:

- The age of the student engaging in misconduct;
- The extent to which the student acted intentionally or recklessly;
- Whether the student has received prior warnings; and
- Whether the student’s misconduct is specifically intended to cause others physical harm or endanger the health, safety or welfare of others (notify police if student has an IEP).

Once school staff contacts CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority do decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. The school principal will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student’s behavior.

If a campus official has any questions regarding the decision of whether to notify the police, he or she should contact YCCS prior to notifying the police. However, at no time should the safety of students and/or staff be compromised to adhere to this provision.

**Sexual Misconduct**

If school administrators are made aware of a criminal act of sexual misconduct that is in progress, they must contact CPD. When made aware of an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender, or gender expression, contact the YCCS for appropriate reporting to the Office of Student Protections and Title IX to assist in assessing whether police notification is needed. DCFS mandatory reporter obligations are separate from reporting to CPD and must always be followed; please consult the Policy on Child Abuse and Neglect if needed.

**RESTORE**
If the student received an out-of-school suspension for three (3) or more days, YCCS recommends that the principal or designee develop a plan to support the student’s transition back into the school community. YCCS recommends that the plan includes strategies for preventing future behavior incidents, restoring relationships, and addressing the student’s ongoing social, emotional and academic needs, with input from the student and parents/guardians.

**In-School Suspension-Skill-Building**

A skill-building in-school suspension is the removal of a student from his/her regular educational schedule for more than 60 minutes of the school day to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.

A student in grades nine through twelfth may be assigned a skill-building in-school suspension if:

1) Skill-building in-school suspension is listed as an available consequence for the SCC behavior category, and

2) The student was informed of the his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and

3) A copy of the misconduct report (Attached here) was provided to the student’s parents/guardians.

**Out-of-School Suspension**

An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an inappropriate behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades nine through twelfth may be assigned an out-of-school suspension if:

1) Out-of-school suspension is listed as an available consequence for the SCC behavior category, and

2) The principal or designee determines that the student’s attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in PowerSchool, or

3) The principal or designee determines that the student’s behavior has caused chronic or extreme interruption to other students’ participation in school activities and prior interventions have been utilized and documented in PowerSchool, and

4) The student was informed of his/her reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and

5) A copy of the misconduct report (attached here) was provided to the student’s parents/guardians.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school.

Out-of-school suspensions are excused absences. The principal must ensure that a student serving suspension is able to obtain homework for equivalent credit and appropriate and available support services during the period of their suspension. Upon the student’s return, provided with the
opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension.

A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with YCCS approval. The student’s attendance will still be marked as suspended. YCCS must approve any other exception to the out-of-school suspension guidelines.

An out-school suspension should not exceed 10 consecutive days and it should be used only for legitimate educational purpose

School officials shall make all reasonable efforts to resolve threats, address disruptions, and minimize the length of student exclusions to the greatest extend practicable.

Campus must submit a out-school suspension report to ISBE as well as their board of directors.

**IMPLEMENTATION OF THE YCCS STUDENT DISCIPLINE POLICY**

It shall be the responsibility of each campus to:

❖ Confer with campus personnel, parents, students, and appropriate community agencies to formulate practices, procedures and programs that will foster socially acceptable student conduct;

❖ Prepare and submit copies of Incident Reports for Group 4, 5 and 6 violations of the School Discipline Policy to YCCS.

❖ Record and send the Misconduct Report to the student’s parent/guardian for every occurrence of inappropriate behavior. If the student is suspended out-of-school (1) the parent notice should explain the specific act of disobedience or misconduct (2) the rationale for the specific duration of the suspension.

❖ Notify the Chicago Police Department as necessary to protect the safety, health and welfare of students and staff.

❖ Assist YCCS staff with expulsion proceedings by identifying witnesses and reviewing and transmitting all documentation regarding an incident to YCCS to ensure that it is complete, accurate and properly written.

❖ Make a reasonable effort to meet with the student’s parent/guardian or to ensure that another campus official meets with the student’s parent/guardian following every act of misconduct.

❖ Ensure that students who are suspended receive homework assignments and are given the opportunity to participate in any statewide assessments given during the period of a student’s suspension.

❖ Encourage positive behavior by students.

It shall be the responsibility of YCCS staff to accomplish the following:

❖ Review campus intervention procedures and consequences and hear appeals regarding such actions.
Monitor the implementation of prevention strategies and the safety/security program at each campus.

Systematically monitor suspensions, expulsions, and other disciplinary actions.

Executive Director/Principal
ANTI-BULLYING POLICY

Purpose

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological and emotional harm to students and interferes with their ability to learn and participate in schools activities. Bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school. Fighting, using drugs and alcohol, and sexual harassment and violence. It is the goal of the Chicago Board of Education and Youth Connection Charter School (YCCS) to create a learning environment in all its school communities where students are protected from bullying so they feel safe and supported in their efforts to succeed academically and develop emotionally into responsible, caring individuals.

YCCS asks every campus student, with the support of his/her parent(s), guardian(s) and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

- I will not bully others.
- I will try to help anyone I suspect is being bullied.
- I will work to include students who are left out.
- If someone is being bullied, I will tell an adult at school and an adult at home.

Scope

Bullying is contrary to Illinois law and this Policy is consistent with the Illinois School Code. This policy protects YCCS students against bullying and harassment on the basis of actual or perceived race, color, religion, sex, national origin or immigration status, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender or sex (includes gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy related medical conditions), genetic information unfavorable discharge from military service, political belief or affiliation, or on the basis of a person's association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic. YCCS recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or perceived to be lesbian, gay, bisexual or transgender. Nothing in this policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article 1 of the Illinois Constitution.

Bullying and harassment are prohibited:

1. During any school-sponsored or school-sanctioned program or activity;
2. In school, on school property, on school buses or other YCCS-provided transportation, and at designated locations for students to wait for buses and other YCCS-provided transportation (“bus stops”);
3. Through the transmission of information from a YCCS computer or computer network, or other electronic school equipment;
4. When communicated through any electronic technology or personal electronic device while on school property, on school buses or other YCCS-provided transportation at bus stops and at school-sponsored or school-sanctioned events or activities.
(5) When it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on YCCS provided transportation;
(6) When it is a Student Code of Conduct group 5 or 6 offense that occurs off campus but seriously disrupts any student’s education.

Definitions:
“Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students, and meets all of the following criteria:

1. An observed or perceived imbalance of power exists between the person(s) engaging in the bullying behavior(s) and the targeted student(s); and/or student(s) were targeted based on prejudice or bias (as defined below).

2. The behaviors are severe or pervasive (repeated over time), or there is a high likelihood that behaviors will be repeated. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the severity and if other elements of bullying are present.

3. The intent of the person(s) engaging in the behavior is to cause physical or emotional harm to the targeted student(s).

4. The behavior has or can be reasonably predicted to have one or more of the following effects:

   (1) Placing the student in reasonable fear or harm to the student’s person or property;
   (2) Causing a substantially detrimental effect on the student’s physical or mental health;
   (3) Substantially interfering with the student’s academic performance; or
   (4) Substantially interfering with the student’s ability to participate in or benefit from the services, activities or privileges provided by a school.

Bullying may take various forms, including without limitations, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Bullying behavior may also qualify as other inappropriate behaviors listed in the Discipline Policy. When deciding whether inappropriate behavior constitutes bullying, Administrators should consider the student’s intent, the frequency or recurrence of the inappropriate behavior, and whether there are power imbalances between the students involved. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the student’s intent and power imbalances.

“Cyber bullying” means using information and communication technologies to bully. This definition does not include cyber bullying by means of technology that is not owned, lease, or used by the school district, unless an administrator or teacher receives a report that bullying through this means has occurred. This policy does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

“Retaliation” means any form of intimidation, reprisal including but not limited to the submission of knowingly false bullying allegations, or harassment directed against a student, who reports bullying or provides information during an investigation, or witnesses or has
reliable information about bullying. Retaliation is prohibited and will result in the imposition of appropriate interventions/consequences according to this Policy.

“Peer Conflict” means disagreements and oppositional interactions that are situational, immediate and developmentally appropriate. Conflicts arise when two or more students with relatively similar observed or perceived power have differences in opinion or perspectives. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in social competency, learning personal boundaries and peaceably resolving conflict, and to model appropriate social interactions.

“Prejudice or bias” means motivation for bullying or harassment based in part or in whole by actual or perceived race, color, religion, sex, national origin or immigration status, ancestry, age marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic.

“Restorative Practices” means a continuum of school-based alternatives to exclusionary discipline that are adapted to the particular needs of the school and community, contribute to maintaining school safety, protect the integrity of a positive an productive learning climate, teach students the personal and interpersonal skills they will need to be successful in school and society, serve to build and restore relationships among students, families, schools and communities, and reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs.

Preventing Bullying

All YCCS principals and staff shall work to develop safe, supportive school environments that prevent bullying through:

- Developing supportive school climate strategies, including clear expectations and shared agreements to guide interactions between students, and between staff and students.
- Teaching all students social and emotional skills and establishing classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.
- Establish predictable responses and effective disciplinary practices that address root causes, teach skills, build empathy and repair harm. Ensure all students, staff, and stakeholders know how your school plans to respond to bullying and harassment.

Intervening to Address Bullying

Responsibilities of YCCS Employees and Contractors

All YCCS employees and contractors, including security officers, lunchroom staff and bus drivers, who witness incidents of bullying or school violence or who possess reliable information that would lead a reasonable person to suspect that a person is a target of bullying must:

1. Intervene immediately in a manner that is appropriate to the context and ensure the safety of all people involved;
2. Report the incident of bullying or retaliation to the Principal/Designee as soon as practicable, but within 24 hours, on the YCCS Bullying Complaint Form (Attachment A);
(3) Cooperate fully in any investigation of the incident and in implementing any safety plan established by the Principal/Designee.

Responsibilities of Students, Parents and Guardians
No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and adult at home as quickly as practical. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal/Designee as quickly as practical. Reports can be made to any YCCS employee or contractor in person, by completing attachment A and submitting it to the Principal/Designee, or by calling the YCCS offices at (312)328-0799. Anonymous reports will be accepted by the Principal/Designee and YCCS. No disciplinary action will be taken on the sole basis of an anonymous report.

C. Steps for Investigating Bullying Reports

1. **Ensure safety.** The Principal or his/her designee will provide immediate support to any targeted student(s) to ensure safety. If there are overt or implied risks of safety, follow the steps in the CPS Crisis Manual, including immediately notifying the CPS Student Safety Center and the YCCS’ office. Alleged behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression should be reported immediately to the Office of Student Protections and Title IX for assistance and support at the OSP Hotline: (773) 535-4400.

2. **Notify parents/guardians of all involved students.** Within one school day of receipt of a bullying report, the Principal/Designee shall report to the parent/legal guardian of all involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the PowerSchool system.
   a) Notifications should be made privately to students directly involved and their parent/legal guardians.
   b) Additionally, when incidents have a larger impact on the school community, the Principal/Designee shall provide clear communication to students, staff and parents to reinforce school-wide expectations and a climate of respect and inclusion.

3. **Document all allegations of bullying.** Within two school days of receiving a report of bullying, the Principal/Designee will document the allegation in the PowerSchool student information system as a general incident report and document all notifications made.

4. **Conduct an investigation.** The Principal and/or a designee, who is knowledgeable about bullying prevention and intervention, shall perform the investigation. Investigation of reported bullying shall be initiated within 5 school days of receipt of a report, documented within the incident report in the PowerSchool student information system, and completed within 10 school days.

The investigation shall include:

a. Identifying all involved parties, including the student(s) alleged to have engaged in the bullying behaviors, alleged target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.

b. Conducting an individual interview in a private setting with all involved parties. The alleged target should never be interviewed in public or with the student(s) alleged to have engaged in bullying.
c. Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and whether the target’s education was affected.

d. Assessing the individual and school-wide effects of the incident relating to safety.

5. When the investigation is complete, the Principal/Designee shall consider whether the four elements of the bullying definition are met or if all four elements of bullying are not present, whether the behavior qualifies as another inappropriate behavior listed in the SCC. The investigation report is attached to the Incident Report. All pertinent details must be entered into PowerSchool.

6. Notify all involved parties of the outcome of the investigation. Within one day of making a determination, the Principal/Designee shall notify in writing to the parent/legal guardian of all involved students, the outcome of the investigation. Parents/legal guardian of the students who are parties to the investigation may request a personal conference with the Principal/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying.

When communicating incidents of bullying to the target’s parent/guardian, the Principal/Designee should consider whether the student may want to keep certain information confidential. For example, if a student is bullied after coming out as gay; the Principal/Designee shall not disclose the student’s sexual orientation to the parent/guardian without the student’s permission, unless there is a legitimate, school-related reason for doing so.

If the target is a student with a disability, that affects social skill development or makes the student vulnerable to bullying, the school shall convene the IEP Team to determine whether additional or different special education or related services are needed to address the student’s individual needs and revise the IEP accordingly. For example, if the student’s disability affects social skill development or makes the student vulnerable to bullying. In cases where the student engaging in bullying behavior has a disability, the Principal/Designee shall ask the student’s IEP Team to consider whether the IEP should include provisions to develop the student’s skills and proficiencies to avoid and respond to bullying.

If the student who engaged in bullying behavior is a student with disability, the school shall convene the IEP Team to determine if additional supports and services are needed to address the inappropriate behavior and consider examining the environment in which the bullying occurred to determine if changes to the environment are warranted. For example, the IEP Team should consider a behavior intervention plan for the student or review a current behavior intervention plan and revise if necessary. The Principal/Designee shall comply with the Procedural Safeguards for Discipline of Students with Disabilities/Impairments when considering interventions and consequences for students with disabilities.

Assigning Interventions and/or Consequences
Many Peer Conflicts can be resolved immediately and do not require reporting or creation of a Misconduct or Incident Report. If, however, a conflict is ongoing and meets the definition of bullying, the investigation procedures in this policy must be followed.
Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student’s history of problem behavior and performance. Appropriate responses and consequences are outlined in the Student Code of Conduct. Schools should avoid using punitive discipline (detention, suspensions, and expulsions) if any other method or consequence can be used with fidelity. Contact Youth Connection Charter School for more information about the appropriate and legal consequences for student misconduct.

When an investigation determines that bullying occurred, the Principal/Designee shall explain the consequences in a non-hostile manner, and shall impose any consequence immediately and consistently. The Principal/Designee shall keep communicating and working with all parties involved until the situation is resolved. Some key indicators of resolution include:

- The perpetrator is no longer bullying and is interacting civilly with the target.
- The target reports feeling safe and is interacting civilly with the perpetrator.
- School staff notice an increase in positive behavior and social-emotional competency in the perpetrator and/or the target.
- School staff notice a more positive climate in the areas where bullying incidents were high.

What Not To Do:

- Solicit an apology from the perpetrator to the target, use peace circles, victim/offender conferences, or any form of mediation that put the perpetrator and target in contact with one another in an immediate attempt to resolve the bullying. Restorative approaches may be helpful but only if used after the interventions have balanced the power differential between the perpetrator and target.
- Dismiss bullying as typical student behavior or assume it is not serious.

**Referrals**

Interventions with bullies should not focus on feelings, but on changing thinking. The Principal/Designee shall refer students who bully to positive-behavior small-group interventions (for anger management, trauma or social skills), social work, counseling or school psychological services within the community and/or school, if possible, to reinforce the behavioral expectation they violated and increase their social-emotional competency.

The targets of bullying need protection from bullies, but may also need support and help in changing their own behavior. The Principal/Designee shall ask a school mental health professional to refer these students to individual or group therapy where they can openly express their feelings about their bullying experience, social-skills training and/or groups where they can practice assertiveness and coping mechanisms, or social work, counseling or school psychological services available within the school.

**Appeal**

Any party who is not satisfied with the outcome of the investigation may appeal to the YCCS offices within 15 calendar days of notification of the Principal's decision. The YCCS administrator shall render a final determination in accordance with the timeline and procedures set out in the anti-bullying appeal guidelines established by YCCS. YCCS may return the incident to the Principal or designee for further investigation or reconsideration of the consequences(s), direct the imposition of other consequence(s), or deny the appeal. YCCS shall notify the party requesting the appeal and Principal that its decision is final and shall document that notification in the Incident Report in PowerSchool.
Consequences for YCCS Employees and Contractors

When it is determined that an employee or contractor was aware that bullying was taking place but failed to report it, the employee/contractor will be considered to have violated this policy. The Principal shall consider employee discipline for such violations in accordance with the YCCS Employee Discipline and Due Process Policy. Remedies with respect to contractors will be in accordance with their contract.

Notice and Dissemination of Requirements

Principals shall follow the requirements established by YCCS for posting this Anti-Bullying Policy on the school’s website, in the school building as well as disseminating and presenting this Policy to the school staff as part of professional development prior to the start of the school year.

Training and Professional Development

On-going professional development will be offered to teachers, administrators, board members, school resource officers and staff on adverse consequences of school exclusion and justice-system involvement, classroom management, culturally responsive discipline and development of appropriate disciplinary methods that promote positive school climate.

Professional development will be offered to build the skills of all Campus personnel as well as YCCS/Contractors and volunteers to implement this policy. The Content of such professional development shall include, but not be limited to:

1. Developmentally appropriate strategies to prevent incidents of bullying and to intervene immediately and effectively to stop them as well as effective interventions when bullying occurs;

2. Information about the complex interaction and power differential that can take place between and among a perpetrator, target, and witness to the bullying;

3. Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk, and any specific interventions that may be particularly effective for addressing bias-based bullying; and

4. Information about internet safety issues as they relate to cyber bullying.

Student Internet Safety Education

In accordance with YCCS’ Internet Safety Policy each campus shall incorporate into the school curriculum a component on internet safety to be taught at least once each school year to all students. The Chief Office of Teaching and Learning or designee shall determine the scope and duration of this unit of instruction and topics covered. At a minimum, the unit of instruction shall address: (a) safety on the internet; (b) appropriate behavior while online, on social networking Web sites, and in chat rooms; and (c) cyber bullying awareness and response. The age-appropriate unit of instruction may be incorporated into the current courses of study regularly taught.

- Expulsion is the removal of a student from school for 11 or more consecutive days, up to a maximum of two calendar years.

- If a student’s inappropriate behavior falls within Group 5 of the Discipline Policy, a campus principal may choose to refer the student for reassignment/expulsion with a written justification submitted to YCCS.

- If a student’s inappropriate behavior falls within Group 6 of the Discipline policy, a campus principal must refer the student for reassignment/expulsion.

- Campuses submit expulsion referrals to YCCS’s Strategic Operations Department. The Assistant Executive Director will review the expulsion referral and prepare the case for YCCS’s Board review. The Assistant Executive Director will then schedule an expulsion hearing.

- Parents and guardians of students referred for expulsion will be send a notification letter. The letter will provide a description of the incident, the date of the incident, the Discipline Policies inappropriate behavior code(s), as well as the place, time and date for the expulsion hearing. The notice will be sent by registered or certified mail or delivered in person.

Emergency Assignment to Alternative Placement

- Students with disabilities may be referred for emergency alternative placement when in possession of weapons or large amounts of drugs, or for causing serious bodily injury to another person, when the misconduct occurred on school grounds or at a school-sponsored event. For students with disabilities whose misconduct presents a danger to themselves or others in a manner other than those specified above, YCCS will consult with Dispute Resolution. During the expulsion hearing, school will present more than hearsay evidence to prove allegations. Parents and students will be allowed to cross-examine witnesses and present evidence.

- Students with disabilities may be given an emergency alternative placement for maximum period of 45 schools days even in instances where the student's misconduct is ultimately determined to be a manifestation of his or her disability.

Expulsion Hearing Procedures

- Before the hearing, campus principals are responsible for assisting YCCS with case preparation by identifying witnesses and submitting relevant documents, as well as reviewing all documentation regarding the incident to ensure it is complete, accurate, and properly written.

- The hearing will be conducted before an independent hearing officer. The Assistance Executive Director will call witnesses to testify and introduce documents more than hearsay evidence to prove allegations regarding the incident. The student/parent may also call witnesses to testify as well as cross-examine witnesses and introduce documents regarding the incident.
• After the hearing, the hearing officer will make a recommendation for intervention or discipline, up to expulsion for a set term of two calendar years to the Assistant Executive Director.

• The hearing officer’s recommendation may be modified on a case-by-case basis by the Assistant Executive Officer or designee.

• During a term of expulsion, students may not participate in extracurricular activities or school-sponsored events.

**Expulsion Final Determination**

• After the hearing, the YCCS’s Assistant Executive Director will present one of the following recommendations: Do not expel, Reassign to another campus, or Expel (for a set term of one semester up to two calendar years. The YCCS’s board will then approve recommendation or deny.

• Expulsion decision details specific reason why removing the student is in the best interest of the school.

**PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS**

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the

1 All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with §504 plans.
10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with non-disabled peers to the same extent as specified in the IEPs, in-school suspensions and lunch detentions do not count toward the 10-day limit. Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Department of Procedural Safeguards and Parental Supports (773/553-1905) is absolutely necessary. Without such consultation and approval from the Department of Procedural Safeguards and Parental Supports, the 10 school day limit on out of school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, the following apply:

1. The School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing. School must also provide parent/guardian/surrogate with a written copy of the Notice of Procedural Safeguards.

2. The IEP team must:
   A. Determine whether the misconduct is related to the student’s disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student’s IEP. The behavior is a manifestation of the student’s disability if:
      1) the conduct in question was caused by the student’s disability or has a direct and substantial relationship to the student’s disability; and/or
      2) the conduct in question was the direct result of the school’s failure to implement the student’s IEP.
   B. Review, and revise if necessary, the student’s existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined. The student should not receive an academic punishment for behavioral violations. Student has the right to respond to allegations prior to suspension. The consequences being administered should be in proportion to the offense committed.

If the student’s behavior is not a manifestation of the disability, school officials may apply the code of conduct, taking into consideration the student’s special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services.

If the student’s behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.
